2. PAST ACHEVEMENTS

- Children are getting free school education & hygiene supplies etc.,
- Self - Help groups for women -Women awareness about self-Confidence, self-employment, Socio-economic and various topics about health.
- Blood donation & Medical Camps – Concentrated on family planning, Health disparities and etc.,
- Adults were able to read and write through our one of mile stone service of illiterates
- Distribution Clothes, Food and Medicines for Leprosy people
- DRUG AWARENESS PROGRAM conducted among brick Chamber workers.
- Safe India has started Safe India Tribal Children Hostel for Tribal and Gypsy children.

3. CHILD CARE

a. Safe India Residential School

Safe India's ultimate goal is to educate the children. This is the activity to provide education for the dropouts; street children and illiterates' children and never attend the school. Safe India conducted survey and find out number of dropouts to every child in its area of operations. The circumstances forced safeindia to take care of these children to give education by having residential school, offering food, uniform, educational material along with medical care and hygienic supplies at free of cost.

b. Safe India Orphanage

Realizing the sufferings of millions of Parentless, homeless abandoned and Neglected children around us, who are suffering for no sins of theirs. SAFE INDIA has undertaken the social responsibility of protecting inmates those who are engaged themselves in Teashops, welding shop, Begging profession, and Child Labor. SAFE INDIA stretched her hands with cheer to protect these inmates by providing food, shelter, and clothing, education and other necessary basic requirements for normal livelihood. Now these children are going to school very happily forgetting about their past profession.

Those Orphanages has been functioning through compassionate hearts of philanthropists to feed these children and help them to have shined light up on their lives resources it is difficult but it is possible if some philanthropists came forward to help these children.

c. Safe India Tribal Children Hostel

Safe India running tribal children hostel for especially tribal and gypsy community children, we are providing food, education, hygienic and teaching moral values to them. Our aim is to change these children as normal children. We are encouraging them for education. Last year we took survey among tribal and gypsy community and creating awareness creating awareness about education to gypsy and tribal community.

d. Safe India Child Development Centre

We had been working for children to provide mental health service and to eradicate child abuses in rural and hill areas. These are unprivileged children not to attend the school as other children did. The majority of these children parents are working in Brick chambers as daily wage earners daily Labors and area level some of parents are vegetable sellers in village and towns.

Due to poverty, these parents forcing children to engage in child Labour, Begging profession, becoming commercial sex workers thieves etc., due to their poverty these children are abusing in society and mentally they are depressed. We had been providing all the needs such as education, food, school fees, and uniforms books, shelter etc.,

e. Tuition Centers for tribal Children

We have tuition centers at various places for tribal and gypsy communities' children. This is the activity to provide education for the dropouts, street children, and illiterate children and never attend school. SAFE INDIA conducted survey and find out number of dropouts a Started Safe India Tribal Children Hostel. Safe India was transformed some children as non-formal education to formal education. We are slowly creating awareness about different cultural, education etc. Safe India taking steps for their community future development.

f. Non-Formal Education

SAFE INDIA's ultimate goal is to educate the children. This is the activity to provide education for the dropouts, street children, and illiterate children and never attend school. SAFE INDIA conducted survey and find out number of dropouts a Started education center to run at evenings only which is for 2 hours per day. By conducting these children is able to read the local language. Under this SAFE INDIA is reaching the slums with education. SAFE INDIA concentrates the children Psychology apart from education, to have mental relaxation taking these unprivileged children to excursions. SAFE INDIA understood that these excursions have never come before in the lives of the children. SAFE INDIA feels that excursion is important and unforgettable memories of children.

4. Trainings

a. Child and family Welfare

SAFEINDIA supplied household things to children and poor women in remote areas. The poor schoolchildren are being encouraged by distributing Cycle, books, pens and other educational supplies. We supplied Bed, Grinder, Rice Cookers, and Cycle etc., to the destitute families. Many people got these distributions and developed their standard of life along with education. SAFE INDIA willing to provide education to all kinds of people along with standard life.

b. Vocational Trainings

There are number of widows, abandoned females, etc., living under poverty line. Those people are unable to get employment due to lack of educational level. In order to meet their basic needs and to stand on their own legs. SAFE INDIA set up on computer craft and embroiling, Tailoring Training where we are training the poor, destitute women and widows and girls and boys at free of cost by giving stipend for their expenses at training period. After completion, we use to give merit certificate along with sewing machines. It is our privilege to inform you that we trained so far batches each batch consisting of 30 members for ten-month period.

c. EDP Training for women

Safe India has given Income Generation Programme & Women Empowerment training to less privileged women's and Self Help Group's for their socio-economic enrichment at various places in South India. Energetic food is important for women & children for which Safe India giving food process training to women; it may empower themselves and their family.

d. Training to Ngo's

Safe India is giving training about family welfare at area level health to women and children. A rural woman who works cultivatic in the fields (farmers) As they have sweating with their work, their bodies have clean and feeding milk to the children without washing hands and all. So that children getting vomiting and occurred dysentery.

Safe India is focus in the training about below 5 years children have no strengthen body is one problem. Sometimes, heart problem, highly water problem, and have no sufficient food.

In this connection, safe India is giving training to FNGOs that they should give the training to the village level or panchayat level to Social Animators or Social workers and they should create Social Movement of Upliftment of awareness.

Every Mother gives feeding her milk to her child up to 3 years is good for her child and it is good strengthen and prevent the infections and the child would having immunization power.

e. Research and Development Program

Safe India is conducting research action research by qualified staffs. Last year we conducted pilot study on tribal in chittoor dist. through action research and pilot study we came to know lots of information like sex ratio, illiteracy rates, livelihood condition, occupation, and traditional values, culture and women status in the society. In future we have planned to conduct elaborate study about this minority community and various research studies. Through that we will develop more programs for them in future.

5. COMMUNITY CARE

a. Counseling Centre

The safe India has been running the counseling centre since a long time for downtrodden women of their upliftment who united families; unmarried women and young widows about their previous and future life besides abuse their husbands, their relevant connection and young couples. It

the young widow women have no children, there deserted by her parents offers some. At that time, the Safe India suggested her to marry another suitable person for her support and bright future then she leads trouble life.

Husband due to various reasons like different culture is making mis-understanding to ununite and immoral socialism. Before they have done it, they do not think about their future and their children would be left and abused and become destitute or orphans.

Before the marriages of young couple, they do not have elaborate mind so not able to understanding themselves correctly. Consequently, they may separate from each other. In this connection, the safe India has been counseling to several young couple to be happy life and let them to think about their bright future and for their children's life. The

SAFE INDIA is giving strongly suggestions that Arrange marriages are the best one, not encouraging love marriages, and avoiding child marriages.

b. Adult Literacy

SAFE INDIA'S ultimate goal is to improve the illiteracy rate among youth. Adult Literacy program plays a vital role in SAFE INDIA'S activities. Providing Awareness, Rendering Various Social services is not meeting the thirst to learn literacy. These people really interested to learn education and encourage us to conduct more. We have been conducting this service where we able to make adult illiterate people to write and read the language.

This activity only two hours in a day in a week by providing slates, mats, text books, block board, arranging lighting facility.

c. Environment Awareness

In this activity, SAFE INDIA planted hundreds of plants in area level and not leaving with tree planting, SAFE INDIA has appointed persons to look after these Plants. Through this activity, SAFE INDIA got good appreciations. SAFE INDIA conducting various awareness programs on Sanitation and tree plantation.

d. Cultural Program

Cultural programm took place to aware about General Issues among society. Some of the issues cannot be inspire the minds of audience. We used this is an instrument to teach about various things and giving awareness to the people on different social evils. Children were dancing in one of cultural program.

e. Disaster Relief Works

During that, time SAFE INDIA involved in Relief Works when natural calamities occurred the slums, and Rural our Organization issued food, cloth and medicines to victims of calamities who left their own houses due to natural calamities. In one of the slums and rural huts were caught fire, SAFE INDIA, issued cloths, mats, food, food grains and vessels. Benefited hundreds of families by this program. Whenever the natural calamity problem arises, immediately SAFE INDIA taking responsibility to meet their basic needs of food, clothes and et.,

f. Sports and Games

SAFE INDIA conducted indoor and outdoor games for boys and girls in this year for different levels in different areas. It develops oneness and unity of spirits among boys and girls increases the spirit of games. Through this activity, we identified talented boys and girls motivating them to participate more.

g. General awareness

SAFE INDIA, not only involving in the social service but also understood the importance of giving awareness about various issues in the society. SAFE INDIA mainly concentrating following awareness on Home science, creating peace and Income Generating Programs. Due to this SAFE INDIA involves in various awareness programs to different people in order to change their attitude towards the social evils they face in their day-to-day life. Because of and lack awareness among poor people and low knowledge about global world, SAFE INDIA is giving awareness and tries to fulfill the need too.

h. Medical Camps

Many women in rural area are suffering from general weakness, which is due to mal-nutrition people particularly developing children; suffer from protein caloric mal-nutrition. Infants and young children, pregnant and nourishing women are most vulnerable to such mal-nutrition. Poverty and ignorance go hand to hand in our field, Women and children are automatically vulnerable to the evil effects of poverty and ignorance go hand in our field; women and children are automatically vulnerable to the mothers themselves are not having sufficient for balance food and children born to them naturally bequeath the same deprivations from their mothers. In rural area health seems to have something of a law priority. In remote villages, a large proportion of the population remains under protected by public health sector. Sometimes when they find someone, they will refer to private doctors.

SAFE INDIA help to solve the above stated problems and to make available all the required health coverage, in the field area of socially disadvantaged and Down trodden communities with provision to conduct health and nutrition awareness campus in all the target villages periodically. To provide facilities for prevent the Occurrence of infants mortality, Mal-nutritional Diseases, Low Birth Weight, Mental Retardation and immunization

i. Tribal and Gypsy Development

SAFE INDIA running Tribal Children Hostel for tribal and gypsy communities children. This is the activity to provide education for the dropouts, street children, and illiterate children and never attend school. SAFE INDIA conducted survey and find out number of dropouts a Started Safe India Tribal Children Hostel. Safe India was transformed some children as non-formal education to formal education. We are slowly creating awareness about different cultural, education etc. Safe India taking steps for their community future development.

j. Celebration of National Festival

SAFE INDIA values the national festivals and celebrating the same. SAFE INDIA celebrated Independence Day, Republic Day, Mahatma Gandhi Jayanthi, Children's Day and

Teachers Day. Emphasizing unity and spirit of oneness into the hearts of future citizens for which SAFE INDIA gave more important than any

Other activity. Uniting all kinds of people into oneness in these special occasions. On this occasion children are participated along with parents and leaders participated gave good suggestion and advices to the children.

FUTURE GOAL

1. Creating model village
2. Tribal Mobile Clinic
3. To Eradicate the Social Evil.
